

Barry University Anesthesiology Program CRNA Shadowing Experience Form

Dear Anesthesia Colleague,

As a part of the admission process for the Post-Baccalaureate DNP in Anesthesiology Program at Barry University, applicants are required to complete a shadowing experience with a Certified Registered Nurse Anesthetist (CRNA). The purpose of this requirement is to provide insight into the responsibilities and scope of practice of a CRNA. During this experience, we hope the applicants will gain knowledge of the profession and rewards/challenges of anesthesia practice.

Please complete the information below and return this form to the applicant, who is responsible for submitting it along with other application materials. Thank you for taking the time to share our profession with a future nurse anesthesia student.

Sincerely,

The Admission Committee
Barry University Anesthesiology Programs

I verify that _____ has completed a shadowing
(Applicant Name)
experience with a Certified Registered Nurse Anesthetist (CRNA) and has had the opportunity to learn about the nurse anesthesia profession.
